

MASS TIMBER HOUSE

at the *Myshak* METRO BALLPARK

THE BALLPARK DISTRICT

CANADA'S ONLY MASS TIMBER CENTRIC DEVELOPMENT

Once the developer for the "THE BALLPARK DISTRICT" registered the Architectural Control Guidelines in July of 2023 requiring this project to utilize Mass Timber, "THE BALLPARK DISTRICT" became Canada's first Architecturally Controlled Commercial Development with some element of Mass Timber utilized in each and every project.

Mass Timber construction is growing exponentially and is becoming a great alternative for those seeking more sustainable and environmentally friendly solutions in today's carbon sensitive world.

MASS TIMBER HOUSE

As a SHOWCASE LEARNING CENTRE for mass timber, Mass Timber House at Myshak Metro Ballpark will feature displays, seminars and clinics designed to highlight the many great environmental benefits, innovations, and attributes that are evolving within Alberta's blossoming Mass Timber Industry.

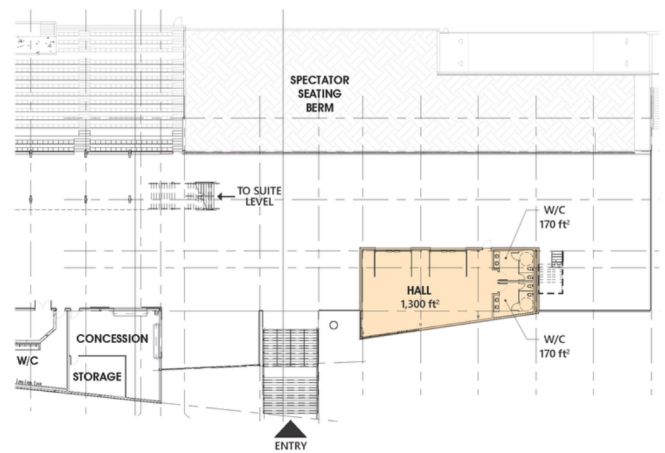

A COMMUNITY GATHERING SPACE FOR MEETINGS, ACTIVITIES AND FUN!

While many might consider the primary purpose of Mass Timber House to be exciting in its own right, the opportunity to utilize this fantastic facility for so much more quickly became apparent.

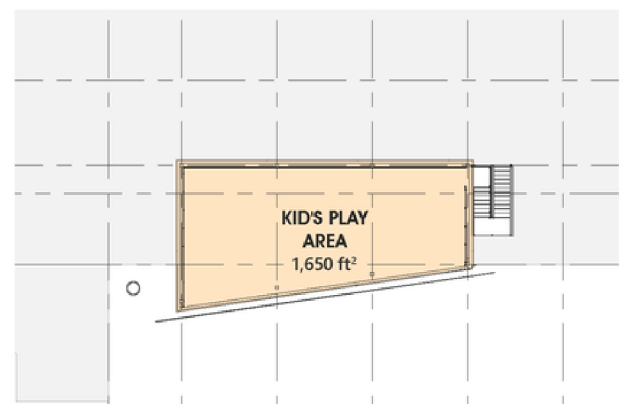

Borrowed from the Molson House concept in Edmonton, this 1,300 square foot gathering centre can become the place to bring friends, family, teams, and groups together for a myriad of reasons including;

- Weddings, Stags & Stagettes
- Business Seminars and Clinics
- Team-building Functions & On-field Corporate Events
- Anniversaries and Birthday Parties
- Family Reunions

The magic and the beauty of the ballpark setting lies in its boundless opportunities to bring people from all walks of life together in one location. Mass Timber House will be no exception to that rule, but with a 12-month operating schedule that can accommodate your event any time of the year!
